# INTRODUCTION

## **The New Jersey Historic Trust**

Established by statute in 1967 (N.J.S.A. 13:1B et seq.), the Trust is a nonprofit historic preservation organization created to preserve and protect New Jersey's historic resources. A 15-member board of trustees governs the Trust. Twelve members are private citizens appointed by the Governor. Three members serve *ex-officio*, representing the State Treasurer, Department of Environmental Protection /State Historic Preservation Office and the Department of Community Affairs.

The New Jersey Legislature gave the Trust broad powers to initiate and promote preservation programs and encourage joint preservation efforts by the public and private sectors. In addition to administering the state's bricks and mortar matching grant program, these powers include raising and disbursing funds; acquiring, holding, and disposing of personal property; accepting gifts, legacies, and endowments; and holding real property of historic, aesthetic, or cultural significance.

Through its programs and activities, the New Jersey Historic Trust assists, supports, and safeguards historic structures throughout the state. The Trust established the first statewide historic preservation easement program and a program for the donation of privately-owned properties. Both programs ensure the preservation of historic properties in perpetuity through the use of deed restrictions. The Trust also operates a small grant and loan program to provide emergency financial assistance for a variety of preservation projects and administers the historic preservation license plate program. The Trust supports legislation furthering the cause of preservation and cooperates with other agencies to protect New Jersey's historic resources and enhance the quality of life its citizens enjoy.
